Dear Leslie,

My wife and I would like to tell you how thankful we are that we fell into your professional hands. Being first time home buyers we thought we were in for a painful and confusing process. However, you made everything so simple and clear and were always there to answer our endless questions that we quickly realized there was nothing to worry about.

From the time we started looking at homes you gave us all sorts of advice and accommodated all of our "must-haves" with patience. We are specially grateful that, once we found our dream home, you fought for us the whole time and worked hard at getting all issues straightened out before our closing.

Finally, we would like to say "gracias!". We couldn't have asked for a better real estate agent to help us buy our house and if we were ever to require the assistance of another real estate agent you would be, without a doubt, our first choice.

Best regards,

Veronica & Diego Figueroa
