Dear Leslie,

Words cannot express how fortunate we feel to have had you recommended to us. We were so green to the process of buying a house but you made us feel so comfortable.

It's a big deal buying your first home & we really appreciated that you didn't put any pressure on us, even though we knew we had to act quickly. We never doubted that you had our best

interest at heart.

Although we are so excited to move & start a new chapter of our lives together it's too bad we won't be spending more time with you.

If we decide to move again we will definitely be calling you & we wouldn't hesitate to recommend you to all our friends & family.

Thank you so much for everything.

Kristen Lovell  
& Kevin Longpre.
